

## DECLARATION OF CONFORMITY

Isola hereby confirm that our Isola Powertekk Nordic is produced according to Isola's internal requirements.

Isola's internal requirements are based on test methods and requirements given in the European product standards:

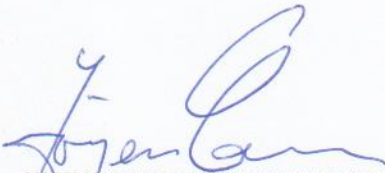

- NS-EN 14782: 2006 *Self supporting metal sheet for roofing, external cladding and internal lining. Product specification and requirements.*
- NS-EN 508-1 *Roofing products from metal sheet. Specification for self-supporting products of steel, aluminium or stainless steel sheet. Part 1: Steel.*

Enclosed product documentation:
